# Event Introduction

## NATIONAL POLLUTION CONTROL DAY 2025

On **December 2, 2025**, India will witness a historic environmental milestone as **15,000+ voices unite virtually** to pledge their commitment to protecting the planet. Under the inspiring motto “One Voice, One Moment, One Pledge—Save Nature!”, this event transcends geographical boundaries to bring people together in a unified call for action against climate change.

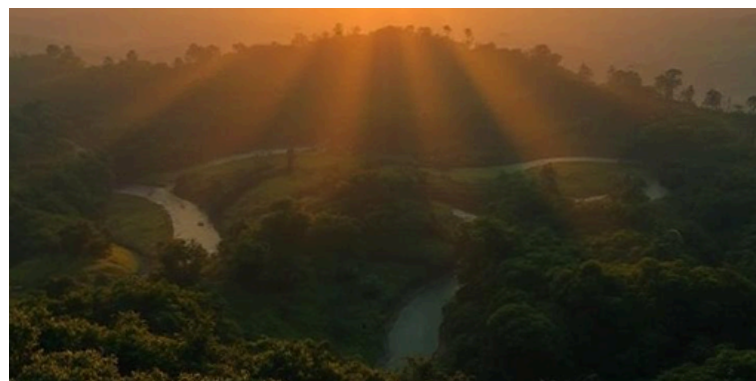

This initiative, organized as an official **India Book of Records (IBR)** attempt with Application ID **102721**, aims to achieve the record for the “***Largest Virtually Synchronized Pledge on Climate Change***” in India.

By merging technology and collective consciousness, the event amplifies climate awareness, inspiring individuals and institutions nationwide to adopt sustainable practices.

### A Record-Breaking Commitment

The partnership with **India Book of Records** lends authenticity, prestige, and national recognition. Every participant becomes a part of a verified record-breaking event, showcasing India’s leadership in environmental stewardship.

This historic pledge is not merely about achieving a record — it’s a **powerful declaration that India stands united for nature**, transforming individual promises into a **collective movement** for the planet’s future.

# Event Instructions

## 🕒 EVENT DATE:

December 2, 2025 (Tuesday)

## 📍 MODE:

Virtual Participation (Nationwide Synchronization)

## OBJECTIVE

To create awareness and unity by synchronizing voices across India for a single environmental pledge, marking **India's Largest Collective Climate Action**.

### 1. Institutional Participation

Each participating institution is encouraged to conduct small, coordinated local gatherings where students, faculty, and staff can join the national virtual pledge together — **maintaining perfect synchronization with the national event time**. These gatherings aim to foster a sense of **unity and collective responsibility among all participants**.

### 2. Pledge Script and Synchronization

The **official pledge script** will be circulated prior to the event. All participants must recite the **pledge simultaneously** when the national cue is given. This synchronized moment will mark India's unified voice for nature.

### 3. Event Recording and Documentation

Institutions are requested to **record the entire event live** for submission to the **India Book of Records (IBR)** as official evidence.

Additionally, clear photographs and short video clips must be submitted to the organizing team for validation and media compilation.

## 4. Record Participation Certificates

After successful validation by the India Book of Records, **official printed Record-Holding Certificates** will be issued to each participant at a nominal charge of ₹150 + GST by INDIA BOOK OF RECORDS.

For **bulk institutional registrations**, please contact the organizing team directly for assistance and consolidated coordination.

## 5. Recognition and Honours

Institutions demonstrating the **highest number of participants** will be **honoured and featured** during the **India Book of Records Grand Announcement Ceremony**, receiving national-level recognition for their contribution to climate action.

## 6. Certificate Distribution Ceremonies

Upon institutional request, a **formal Certificate Distribution Ceremony** can be organized on-campus in collaboration with the event coordinators — celebrating your students' contribution to this historic national pledge.

## 7. Institutional Prestige and Legacy

Participation in this initiative secures a **unique privilege and distinction** for your institution.

Your college becomes a **documented contributor** to India's largest synchronized environmental pledge — a milestone that will stand as a **legacy of environmental leadership, unity, and commitment to sustainable development**.
